

Compact design but powerful, unitech PA720 enterprise digital assistant brings performance, durability and speed into a distinctive device. Powered by the latest Android 5.1 operation system (it's available to be upgraded to Android 6.0) and a quad-core processor, this device improves overall stability and delivers unparalleled performance. In addition, PA720 is also integrated barcode imaging technology and 4G LTE wireless communication. It is a versatile data collection tool for every need in the enterprise solutions.

Rugged yet Stylish

Unitech new PA720 gives user a smart phone experience but in a durable package. Built with a sunlight readable 4.7-inch color multi-touch display, this device enhances a Gorilla Glass 3 screen with 7H hardness to keep it scratch free, along with a stylish round edges design at weight of less than 287g (with battery), PA720 is available to read in direct bright sunlight and it is portable to take around anywhere you go. Besides, engineered with industrial grade materials, this enterprise digital assistant is rugged enough to drop from the 1.2 meters onto concrete and it is available to survive through the harsh environments with its IP65 waterproof and dustproof rating. The PA720 is highly reliability to meet the needs in a wide range of mobile workforce.

High Productivity with Superior Performance

When a flexible device is in demand, the PA720 provides the Android 5.1 operating system, allowing users to develop in an open source platform with thousands of enterprise grade applications. In addition, PA720 is integrated an advanced 64-bit quad-core CPU (1.3GHz) and plenty of RAM and power your business applications. This device is also equipped with an 8 megapixel rear-facing camera that user can capture pictures, video, documents instantly, as well as a 5 megapixel front-facing camera for video communication or self video recording. Featuring superior 1D and 2D barcode reading performance, it ensures read reliability for mobile phone screens and paper in any orientation. The PA720 gives your workforce the technology it needs to take your business to the next level.

Blazing-fast 4G LTE network

Designed to be used in the work environment, PA720 offers blazing-fast 4G LTE network, WiFi 802.11 a/b/g/n, which enable users to download files from the internet up to 10 times faster than with 3G. Moreover, it also supports GPS, GPRS, NFC and Bluetooth 4.1 that gives users to use of location-based services or get connected in the way that is best suitable their requests.

User-Friendly Functionality

The PA720 is constructed for using in physically active environments, such as for field service workers and business-critical applications. In order to be user-friendly, this device is not only built in an easy hot-swap battery design that allows users to change batteries without having to power off the devices, but also is equipped with an zero shutter lag time function that improves the lag between clicking the camera and barcode scanning to speed up the picture taking process. Furthermore, the PA720 is implemented the physical function button set (Back, Home, Menu, Camera) and it supports versatile MDM (mobile device management) systems such as Airwatch, SOTI, 12Management and MoboLink which offers a more efficient experience and maximize the productivity in the enterprise.

Features

- 4.7" enterprise digital assistant with latest Android 5.1 Lollipop operation system
- Integrated superior 1D/2D barcode imaging technology and dual cameras
- Unparalleled performance with 64-bit quad-core processor (1.3GHz)
- Support blazing-fast 4G LTE wireless communication
- Easy Hot-swap battery design without downtime
- Support versatile MDM systems: Airwatch, SOTI, 12Management and MoboLink
- Zero shutter lag time : Speed up the picture taking process

PA720 Specifications

System Features

CPU 1.3GHz Quad Core Processor

Memory 3 GB RAM 16 GB Flash OS Android 5.1

Languages support English, Simp. Chinese, Traditional Chinese,

Japanese, Spanish, German, French

Display

Gorilla Glass 3 with 5-point Capacitive Touch Panel 4.7" Color LCD 720x1280 High Resolution Display

Keypad

4 Function Keys, Push-to-talk key

Indicator

3 color LED to indicate charge, scan and message Vibrator
